WORKSHOPS IN SEPTEMBER

## NON-TECHNICAL SKILLS IN ORGANISATIONS

Today, more than ever, business can differentiate itself when the PEOPLE within, CONNECT. When this happens, then a business drives OPERATIONAL PERFORMANCE.

Recognising how the key non-technical skills for example in leadership, communication, situational awareness, decision making, teamwork and personal resources interact with each other is a part of Human Factors.

To provide you with a deeper appreciation of the impact each has on you, your team, or your business/organisation, we are running a series of 1/2 day workshops in September.

David Christie FCMI will deliver the workshop. David is a co-Founder of Assurance Group Limited and he has delivered the subject matter throughout the world to organisations in Oil and Gas, the Renewables sector and who equally recognizes the influence of all elements on other business operations.

To be held in our offices on 2nd Floor, H1 CitiBase in Aberdeen on either the 15th or 22nd September. You have a choice on either of those dates to attend a workshop which will commence at 0830hrs or 1230hrs.

The cost is £45 per person (ex VAT)
